Application No. 09/658,862

ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

This application was electronically received at the Board of Patent Appeals and Interferences on February 5, 2007. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the examiner. The matter requiring attention prior to docketing is identified below.

A review of the file reveals that the McLaughlin et al., Yong et al., Cheong et al., Yang et al., Pennisi and Vogel and Evans et al. references listed as evidence relied upon on pages 3 and 4 of the examiner's answer were not scanned in IFW. Before further review, the examiner must have the references scanned and made of record. Appropriate action is required.

Accordingly, it is

ORDERED that this application be returned to the examiner to:

1) have the missing references scanned in IFW; and 2) for such further action as may be appropriate.
